	WORK PROCEDURE TASK: HAZARD DATA SHEET - GOLD	
REVISION Nº.: 1		
	DOCUMENT Nº.: HDS 018	

### DISTRIBUTION CONTROL SHEET

COPY N°	LOCATION	TITLE	
1	Quality Offices	Document Controller	
2	Johan Theron	Group Exec Corp Relations	(Electronic)
3	Alice Lourens	Group Corp Relations Manager	(Hardcopy)
4	Suzanne Finney	BML Manager	(Electronic)
5	Jamie Welman	PML Manager	(Electronic)
6	Sifiso Sibiya	Group Exec- Refining and Marketing	(Electronic)
8	Pieter Gravett	Base Metal Sales Manager	(Electronic)
9	Delisile Mathebula	PGMs Sales Manager	(Electronic)

**NOTE:** Although this is a Quality controlled document, copies are readily available to all interested parties. No record is kept of copies issued but whenever a major update is carried out copies are sent to all Impala's PGM customers. The current version is also available on the Implats website <u>www.implats.co.za</u>

## SAFETY DATA SHEET

### PRODUCT NAME: GOLD SPONGE

1. PRODUCT AND COMPANY IDENTIFICATION		
Identification of the preparation:		
Product name: Gold sponge Product code: AU METAL		
Chemical name: Gold Formula: Au		
Recommended uses: Decorative coating, Dental alloy, Electronics, Industrial		
applications, Jewelry, Laboratory applications.		
Company Identification:		
Impala Platinum Limited – Refineries		
Corner East Geduld Road & Cowles Street		
P O Box 222, Springs 1560, South Africa		
Tel.: +27 (0)11 360 3111, Fax: +27 (0)11 360 3202		
www.implats.co.za jamie.welman@implats.co.za		
Emergency telephone no.: Impala Platinum Refineries +27 (0)11 360 3777		
Poison Centre - Tygerberg Hospital, Belville, Cape +27 (0)21 931 6129		

## 2. HAZARD IDENTIFICATION

Low toxicity

## WARNING

**Harmful - if swallowed, - in contact with skin, - if inhaled** The product may cause adverse health effects with high-level dust generation, inhalation or prolonged skin contact.

#### **Additional Labeling:**

Each container should be labeled as follows: Before use read Safety Data Sheet

If dissolved, ensure adequate enclosure or ventilation; do not breathe mists and avoid solution contact with eyes, skin and clothing – may cause sensitisation or allergic reaction

If melted do not breathe furnace fume

Page 3 of 6	Doc No: <b>HDS 018</b>	IMPALA PLATINUM
REVISION:	1	HAZARD DATA SHEET - GOLD

#### 3. COMPOSITION / INFORMATION ON INGREDIENTS

Major components: Gold

7.

8.

**Typical wt %:** 99.50-99.99% CAS #: 7440-57-5 EINECS Number: 231-165-9

#### 4. FIRST AID MEASURES

**Inhalation:** Exposure is considered unlikely. Due to product form / nature of use, an inhalation hazard is not anticipated. Seek medical attention if irritation develops.

**Ingestion:** For advice, contact a Doctor or the Poisons Information Centre on +27-21-931-6129. Due to product form and application, ingestion is considered unlikely.

**Skin:** If skin or hair contact occurs, remove contaminated clothing and flush skin and hair with running water. Seek medical attention if irritation develops.

**Eyes:** Exposure is considered unlikely unless casing is damaged. Flush gently with running water. Seek medical attention if irritation develops.

#### 5. FIRE-FIGHTING MEASURES

**Suitable extinguishing media:** Use an extinguishing agent suitable for the surrounding fire. **Extinguishing media not be used:** Not applicable

Special exposure hazards: May evolve toxic gases if strongly heated.

Special protective equipment for fire-fighters: None

<u>NOTE</u>: The Gold Sponge supplied by Impala Platinum is non-flammable and therefore DOES NOT present a fire hazard.

#### 6. ACCIDENTAL RELEASE MEASURES

**Personal precautions:** If spilt (bulk) wear goggles and PVC or rubber gloves. Where a dust inhalation hazard exists (i.e. when used in large quantities) wear a Class P1 (particulate) respirator.

Environmental precautions: Not applicable.

Methods for cleaning-up: If spilled sweep up and reuse where possible.

#### HANDLING AND STORAGE

**Handling:** Before use carefully read the product label. Use of safe work practices are recommended to avoid eye or skin contact and inhalation. Observe good personal hygiene, including washing hands before eating. Prohibit eating, drinking and smoking in contaminated areas.

**Storage:** Store in a cool, dry, well ventilated area, removed from oxidizing agents, acids, ammonia, ammonium hydroxide, hydrogen peroxide and foodstuffs. Ensure containers are adequately labelled, protected from physical damage and sealed when not in use.

## **EXPOSURE CONTROLS / PERSONAL PROTECTION**

Occupational Exposure Limit: No exposure standard(s) allocated.

**Respiratory protection:** Where an inhalation risk exists, wear: a Class P1 (Particulate) respirator. Where an inhalation risk exists, mechanical extraction ventilation is recommended. **Hand protection:** Wear suitable gloves (cotton or leather gloves)

Eye protection: Wear dust-proof goggles.

**Skin protection:** Safety shoes, overalls or similar full-body work clothes should be worn and laundered daily. This protective clothing should not be worn at home.

**Personal Hygiene:** Practice good housekeeping and personal hygiene procedures. No eating, drinking or smoking in work area. Wash hands thoroughly before eating, drinking or smoking. Avoid ingestion, inhalation and skin and eye contact. Medical examinations, monitoring, record keeping and hygiene facilities are recommended.

HAZARD DATA SHEET - GOLD

9. PHYSICAL AND CHEMICAL PROPERTIES		
Appearance: Yellow Solid		
Odour: Odourless		
pH: Not applicable		
Boiling point / boiling range: 2857°C; 5201°F		
Melting point / melting range: 1064°C; 1937°F		
Flash point: Not applicable		
Flammability (solid): Non-flammable solid		
Autoflammability: Not applicable		
Explosive properties: Not applicable		
Oxidizing properties: Not applicable		
Vapour pressure: Unknown		
Relative density: 19.3 g.cm <sup>3</sup>		
Solubility : - hydrosolubility: Insoluble in water		
liposolubility (solvent-oil): Insoluble in solvent-oil		
Partition coefficient (n-octanol/water): Not applicable		

#### 10. STABILITY AND REACTIVITY

**Chemical Stability:** Stable under recommended conditions of storage.

**Conditions to avoid:** Exposure to high temperatures (>1000°C), sparks, open flames and other ignition sources.

**Materials to avoid:** Incompatible with oxidizing agents (eg. hypochlorite's), acids (eg. nitric acid), ammonia, ammonium hydroxide and hydrogen peroxide.

Hazardous decomposition products: May evolve toxic gases if heated to decomposition.

#### 11. TOXICOLOGICAL INFORMATION

#### 11.1 ACUTE TOXICITY

**REVISION:** 

1

**Ingestion:** Ingestion is considered unlikely due to product form. Poorly absorbed and therefore considered non toxic.

#### **11.2 SKIN CORROSION / IRRITATION**

Low-irritant: Prolonged or repeated contact may result in mild irritation, rash and dermatitis.

#### **11.3 SERIOUS EYE DAMAGE / IRRITATION**

**Irritant:** Exposure considered unlikely. Due to product form and nature of use, the potential for exposure is reduced, but exposure may result in eye irritation, pain and redness.

#### **11.4 RESPIRATORY OR SKIN SENSITSISATION**

**Non-irritant:** Exposure considered unlikely. Due to product form and nature of use, an inhalation hazard is not anticipated with normal use.

#### **11.5 GERM CELL MUTAGENICITY**

Repeated or prolonged exposure is not known to aggravate medical condition.

#### **11.6 CARCINOGENICITY**

Non-carcinogenic: Not identified as carcinogenic

Page 5 of 6	Doc No: HDS 018	IMPALA PLATINUM

REVISION: 1

## HAZARD DATA SHEET - GOLD

#### **11.7 REPRODUCTIVE TOXICITY**

Not available.

# **<u>11.8 SPECIFIC TARGET ORGAN SYSTEMIC TOXICITY</u> – Single exposure Not available.**

## **<u>11.9 SPECIFIC TARGET ORGAN SYSTEMIC TOXICITY</u> – Repeated exposure Not available.**

#### **11.10 ASPIRATION HAZARD**

**Inhalation :** Exposure considered unlikely. Due to product form and nature of use, an inhalation hazard is not anticipated with normal use.

<u>Note:</u> Potential Health Effects: Skin: Skin contact with this material in solid forms is not known to be hazardous. In finely-divided form, skin contact may produce localized irritation Inhalation: Dust may respiratory tract irritation by mechanical action. No significant acute or chronic effects are known from exposure by inhalation. Ingestion: Ingestion of this material in finely-divided form may produce gastric irritation, vomiting, adbominal pain, hemorrage, diarrhea. Long term (chronic) ingestion mah produce injury to the liver, kidney, spleen, pancreas, and brain. Health Conditions Aggravated by Exposure: Pre-existing pulmonary diseases (e.g. bronchitis, emphysema) may be aggravated by inhalation of this material as fumes.

#### 12. ECOLOGICAL INFORMATION

Gold metal is not anticipated to cause adverse effects to animal or plant life if released to the environment in small quantities. The biodegradation of gold under aerobic conditions is expected to be very poor and there is no evidence to suggest it creates ecological problems when released into the environment. Since gold is insoluble, it is believed to have minimal bioaccumulation and bioavailability characteristics.

Gold metal may have the following effects:

12.1 Accumulation:

- Persistence: Unknown
- Bioaccumulation potential: Minimal bioaccumulation and bioavailability characteristics.
- Biomagnification: Unknown
- **Biodegradability:** The biodegradation of gold under aerobic conditions is expected to be very poor
- 12.2 Ecotoxicity:
- Aquatic organisms: Unknown
- Soil organisms: Unknown
- Plants and terrestrial animals: Unknown
- 12.3 Other adverse effects:
- Ozone depletion potential: Does not contain ozone depleting substances
- Photochemical ozone creation potential: Not applicable
- Global warming potential: Not applicable
- Effects on waste water treatment plants: Unknown

The environmental effects of Gold and its compounds have not been fully evaluated.

#### 13. DISPOSAL CONSIDERATIONS

Disposer must comply with state and local laws. This material can be metallurgically recycled by Impala Platinum, South Africa, which is a pre-authorized facility for the environmentally sound recovery of metals.

REVISION: 1		HAZARD DATA SHEET - GOLD

## 14. TRANSPORT INFORMATION

#### NOT REGULATED FOR TRANSPORT PURPOSES

Packing : In plastic bags sealed in tins which in turn are sealed in boxes
UN-Nr.: Not applicable
IMDG-Code: Not applicable
ICAO / IATA : Not applicable
RID / ADR : Not applicable

#### 15. REGULATORY INFORMATION

United States: CERCLA: Not regulated Canada: EU/EC Classification:
